Chapeau

Well done and congratulations FRR RC on an awesome series; still, IMO the best offering I've seen on Zwift. Tight racing, great teamwork from some of the teams that I saw working together... it finally felt like dare I say "a real bike race" instead of whatever most other series are aiming for (where the rules are made up and the points only sometimes matter).

Your words not mine...
My first tour.... loved how supportive fellow tourists were, especially in the last couple of stages..... hated the Radio Mast too!

Really enjoyed this online platform for racing - my first attempt at it! Joined the Tour late, but loved doing it and learning about what this is all about! Thank you @FRR Race Control. You guys have been amazing! Can't believe how quick you are to resolve things and answer questions. Looking forward to the next Tour

thankyou! top week, will be hard for any zwifting to come close to this series!

A great series and my favourite on Zwift....

Everything everyone says is why I keep coming back - it's the best most funnest hardest and most torturous series I've done, and I always have FRR withdrawals when the week is up.

Thanks to everyone involved in this tour. My first such event - thoroughly enjoyed it. The comments and chat in these channels was always entertaining and often educational! Thanks a million for an amazing experience

Agreed with my Valhalla team mates.. What an amazing series and a great way to start the year... Thanks so much

Cheers for all the effort made to put on such a complex series. I cannot imagine the amount of work that goes into it on the back end. It has absolutely consumed me over the past week or so, and I'm hooked! Enjoy the rest, you bloody well deserve it!

first tour and really loved this racing style. Thanks for all you do. Will be back again for another.

Challenging doesn't quite say it!! Fantastic parcours and best Zwift experience yet for me.

Thank you all from FRR

And enjoy your sleep! Brilliant tour.

1km at 6kph. Unfun. What a final km for a tour. Loved it.

100% second this, by far my best Zwift experience ever. Hats off

Will def be back and good to hear the 21 stage is actually 3x7 because that sounded a bit daunting! Loved riding with you all too, great company

Amazing event, every stage was a challenge, being at lower end of my Cat just made me push harder. Finishing wasted but fitter. Great fun - thank you!

My friend Pete and I have been saying for days to each other, this was the most fun we've had on Zwift.

I'm not sure I've got enough brownie points to be allowed a pass for the World Tour

Got penalised. Quite right too, not too disappointed, as it showed how much I had improved over the week...got upcatted in zwift power too...
