# Your words not mine....

The WLBB-Team says THANK YOU!  
- For the fun  
- For the teambuilding suffering  
- For you huge work with sorting everything out  
- For the possibility to push limits  
- For a headstart into the outdoor season  
- For your fun comments  
- ... and so much more!

Great tour Richard!! I had a blast  
and suffered much more in the BON  
cat. Thanks for the hard work

Holy crap @Rich Vale thanks for the push, the fitness boost,  
the mental training, and not least of all the giant jump in ZP  
points and my return from C to B

Simply the best series on Zwift

3.02 and I'm knackered. I've never ridden that long, I  
was literally crying on the last 2.5km to go - my team  
was sending me messages and my other half was  
next to shouting at me to keep going

Thanks to @Rich Vale and @hayleyvale and also to all  
the riders that have shared the suffering fun over the  
last 2 weeks! Great camaraderie Fitting to finish this  
Epic tour on the Epic kqom!

So much fun! Can't  
wait for the next  
one

It was a fun battle in BON for sure. I had a bad  
drop-out halfway through Stage 15 that cost me  
some serious time. I knew I had to push hard on  
Stage 16 to make the best of it.

Six fans, 4 bidons, electrolyte tablets, and even my favourite fail-  
safe of Pickle Juice didn't prevent me from getting some leg cramps,  
but with the company of some great teammates I finished well.  
Now to use up the battery on my massage gun!

Thank you so much for a brilliant amazing series  
An absolute test of mental and physical strength  
and resilience

Making new friends in other community teams  
makes this so much fun. Way better than ZRL  
for me....

Thank you (I think) @Rich Vale for an incredible series. Pushed me  
beyond my limits - my heart did sink a bit when I realised I needed  
to do Epic in 21mins to finish one place up. It sank because I knew I  
wouldn't pass up the challenge! This is what you've done to me!

Thanx all been another great series, taking it to  
2 weeks certainly improved it for sure

Onya Rich and Hayley, on of your best  
yet. FRR, where the real racing is there  
for everyone. Cheers from downunder  
(TBW).

I set out to do all stages and I accomplished my goal. There were times I wanted  
to quit but so glad I didn't! Thanks to all the FRR organizers, those who rode  
with me when I was exhausted and for my all my REVO teammates!

Thanks for a great series Rich! I wasn't sure I had it in me.

Series takes me back to my racing  
days for the first time ever...simply  
great!

The work BL13 did in the 15.00 CET race to push  
the pace was absolutely stunning. We weren't  
more than one minute or so after the 11:30  
group AKA Relentless Crazy Racing Circus....  
Thank goodness it's over....When's the next one?

Great riding everyone. Congrats to everyone  
who completed this tour. Everyone is a winner  
in my book just for finishing. Been fun and  
painful and well worth the effort. Thanks @Rich  
Vale for another great series and season

Omg!!!!!! Thank you so much!!!! I can't believe  
you managed to sort it! Wednesday is going to be  
a long day! I owe you one

I just want to say a HUGE thank you to both Rich and  
Hayley for an awesome series.  
I've never ridden a series that is so intense with not only  
the amount of rides, but the durations and elevations.

Remember watching the grand tours on TV or net last  
spring/summer had alot more respect understanding  
of the grand tours are and grand tour racers different  
from before doing FRR two week stage race last year.  
Finishing this race is special which means you are one  
of the best zwifters on zwift. This race will grow in  
numbers and attention given to it with all those that  
finish it.

Never thought I would  
complete all 40 stages  
over all 4 tours

**October 2023 – March 2024**

Coming soon..... **World Order** ... but what is it ?

### **What is our aim ?**

**Create the best most inclusive racing series on the platform ... but keeping it simple!**

### **What is the World Order ?**

A Series of weekly events running between **May** and **September** ending in a final elimination event for the top riders of each FRHC class to crown our champions.

- The eliminations may be split by gender and FRHC class, final numbers will determine this we may also need to split Finals by region – details will be communicated well in advance of the dates

### **When will the races be ?**

Each event round will run on a Friday night and two options on a Saturday to give everyone the opportunity to race an event each round.

### **What will be the race format ?**

Finishing Points by FRHC class and fastest through segments FRHC class and gender.

### **How do I win points ?**

- Rider's win points based on their race finishing position within their FRHC class, each race is scored individually and events are not combined
- Rider's earn additional points for their performance in segments – fastest time by FRHC class and gender
- Total points for a race equals the finishing points plus segment points.
- A rider's FRHC class is recalculated every race based on NP and race finishing position with upgrades applied immediately
  - Points earned prior to any class change will be taken with the rider

### **How is the Order defined ?**

- A rider's last 6 events count towards their Order position
- Once an event is more than 6 weeks old the points begin to depreciate in value – so to stay at the top you need to race...
- Each rider will build a series bonus point value, the more rounds completed the higher the bonus which will be added to the riders overall point value – this rewards regular attendance
- Leagues will be operated by FRHC class, gender and Club

### **How does the Club League work ?**

The best 5 scoring riders for each Club each round will be totalled, club points are then awarded based combined rider points.

### **Do I need to register for the race pass ?**

No – for this order events will be open to the community, HOWEVER to be included in the World Order Leagues riders will need to have an account on FRR where the Leagues are maintained.

### **Are the races mixed or by gender ?**

Races are mixed and will use ONE PEN.

### **Is my FRHC for the World Order the same as the one from the Tour Series ?**

Initially 'yes' however these weekly events require a different racing effort, your WO FRHC will be recalculated after every race, upgrades will be applied immediately to the race result.

### **A rider can be upgraded, but can I downgraded ?**

Riders whose performance spikes to upgrade them and then slide's will be downgraded after 3 consecutive performance 'slides'

### **FRHC class setting how does that work ?**

The series will start with a riders Tour FRHC class, and the series will use the NP numbers from the series events to class riders – as such there will be no input required from riders on NP.

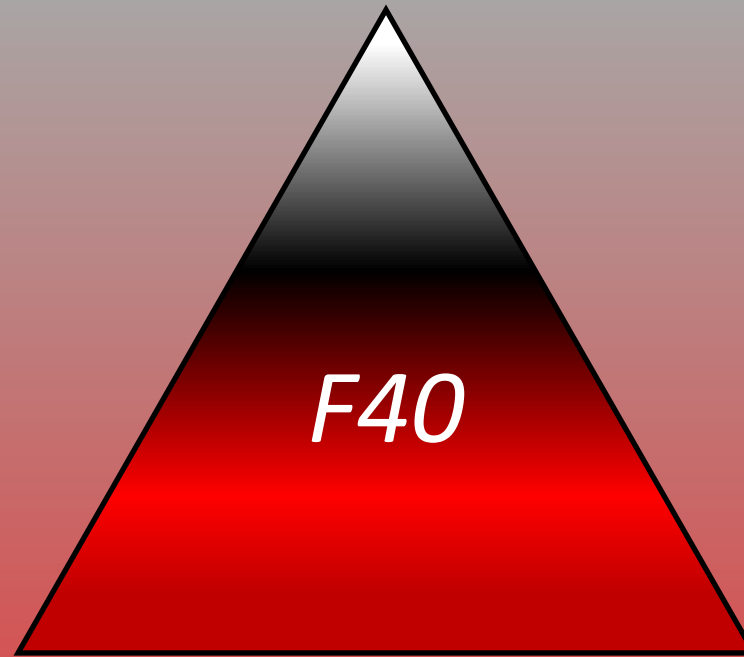

**NB.** Moving forward this is how the Tour Series will work for new riders who will be graded off their FRR events.

### **Next Steps**

**More information will be shared on Discord, the Facebook Event Group and via email ahead of the Series starting....**

**If you liked the Tour Series then being part of the new World Order doesn't take much thinking about .....**
